

Table of Contents

- 1 Finding the Slope of a Line from its Graph
- 2 Finding the Slope of a Line from Its Equation: $y = ax + b$
- 3 Finding the Slope of a Line from the Coordinates of Two Points on the Line
- 4 Finding the Slope of a Line Given Its Y-intercept and the Equation of a Perpendicular Line
- 5 Finding the Sum of Two Ordered Pairs of Numbers
- 6 Identifying Properties of Real Numbers
- 7 Writing the Ordered Pair of Numbers for the Sum of Two Vectors from their Graphs
- 8 Solving Equations of One Variable
- 9 Solving Inequalities of One Variable
- 10 Simplifying Products of Powers and Radical Expressions
- 11 Simplifying Powers without Using Fractional Exponents
- 12 Simplifying Radicals and Products of Radicals
- 13 Simplifying Sums and Differences of Radicals
- 14 Factoring Binomials
- 15 Factoring Polynomials
- 16 Solving Quadratic Equations by Factoring
- 17 Finding Quadratic Discriminants; Solving Quadratic Equations by the Quadratic Formula
- 18 Writing Quadratic Equations with Integral Coefficients from their Solution Sets
- 19 Finding Values of Functions; Interpreting Graphs of Quadratic Functions
- 20 Interpreting Graphs of Parabolas, Circles, Ellipses, and Hyperbolas
- 21 Simplifying Rational Expressions
- 22 Simplifying Products and Quotients of Rational Expressions
- 23 Simplifying Sums and Differences of Rational Expressions
- 24 Solving Systems of Linear Equations
- 25 Writing Linear Inequalities from their Graphs
- 26 Writing One Inequality from the Graph of Two Linear Inequalities
- 27 Writing Complex Numbers in the Form: $a + bi$
- 28 Writing Complex Numbers Represented by Points in the Complex Plane
- 29 Writing Products of Complex Numbers In the Form: $a + bi$
- 30 Writing the Quotient of Two Complex Numbers as a Single Complex Number
- 31 Solving Quadratic Equations with Complex Roots
- 32 Solving Exponential Equations
- 33 Solving Logarithmic Equations
- 34 Finding Sums of Arithmetic Series
- 35 Finding Sums of Geometric Series
- 36 Finding Determinants of 2×2 Matrices
- 37 Finding Determinants of the Sums of 2×2 Matrices and also 3×3 Matrices
- 38 Finding Determinants of the Products of 2×2 Matrices
- 39 Finding the Determinant of the Coefficient Matrix of a System of Linear Equations
- 40 Finding the Sum, Difference, and Product of Two Functions; Evaluating Special Functions
- 41 Writing Equations of Inverses of Functions from Given Equations of the Functions
- 42 Finding Missing Terms in Sequences

Solution Key (See pages following Activity 42.)
