

# Table of Contents

- 1 Order of Operations
- 2 Order of Operations with Parentheses
- 3 Evaluating Expressions of One Variable
- 4 Evaluating Expressions of Two Variables
- 5 Evaluating Formulas
- 6 Evaluating Formulas
- 7 Evaluating Word Descriptions; Using Opposites
- 8 Adding Two Signed Numbers
- 9 Adding Two Signed Numbers
- 10 Adding Three Signed Numbers
- 11 Subtracting Signed Numbers
- 12 Adding or Subtracting Signed Numbers
- 13 Adding and Subtracting Signed Numbers
- 14 Adding and Subtracting Signed Numbers
- 15 Multiplying Two Signed Numbers
- 16 Multiplying Three Signed Numbers
- 17 Multiplying Three Signed Numbers
- 18 Dividing signed Numbers
- 19 Multiplying and Dividing Signed Numbers
- 20 Adding or Subtracting Signed Numbers as Decimals
- 21 Finding the Value for  $y$  When the Value for  $x$  is Given
- 22 Adding and Subtracting Like Terms
- 23 Subtracting Like Terms Using Opposites
- 24 Adding and Subtracting Like Terms with Signed Numbers

- 25 Multiplying Monomials
- 26 Multiplying Monomials
- 27 Dividing Monomials
- 28 Sequences of Whole Numbers
- 29 Sequences of Whole Numbers
- 30 Sequences of Monomials
- 31 Solving Equations with Variable on One Side (No negative solutions)
- 32 Solving Equations with Variable on One Side (Some negative solutions)
- 33 Solving Equations with Variable on One Side (Many with two steps)
- 34 Solving Equations – Some with Variable on Both Sides (Add like terms)
- 35 Solving Equations – Some with Variable on Both Sides (Based on  $-(-x) = x$ )
- 36 Solving Equations with Decimals – Variable on One Side Only
- 37 Writing Algebraic Expressions from Words
- 38 Writing Algebraic Expressions from Words
- 39 Writing Equations from Word Sentences
- 40 Solving Word Problems
- 41 Solving Word Problems
- 42 Multiplying Monomials and Binomials
- 43 Multiplying Monomials and Binomials
- 44 Adding or Subtracting Fractions with Like Denominators
- 45 Adding or Subtracting Algebraic Fractions with Like Denominators
- 46 Solving Inequalities
- 47 Solving Inequalities
- 48 Finding the Least Integer as a Solution of an Inequality

**Answer Key**
